Experienced Parent – Marcia Schneider:

Marcia discussed the parent surveys that were recently sent out by the State Office.

Marcia also discussed the information that she received regarding the Medical Home Model. She will contact agencies that work with children that may be interested in finding out more information about these services.

Marcia reviewed current legislation that is being discussed and voted on during this legislative session. There is a proposal in a bill regarding a rate change for infant development programs.

Marcia stated there would be a Sensory Behavior workshop at the Anne Carlson School. Topics for future training topics may include: 504

Agency Updates: All the members of the RICC gave updates on their services and anything that is changing within their agency services.

State ICC: Judy Freund, parent, gave a brief summary of the recent state ICC meeting that she attended. Judy has been nominated to be a member of the State ICC. The governor will notify Judy of his decision.

Case Reviews: Denise and Nancy discussed the recent case review process that DD case management and Infant Development staff participated in. We will be consulting with Deb Balsdon and the technical assistance team regarding the results sometime in March. The date has not been finalized. Case reviews will be completed on a quarterly basis. This case review process included three cases.

Regional Data: Denise and Nancy discussed the regional data that was provided by Deb regarding the indicator compliance outcomes and the progress outcome items. The new regional quality improvement plan (QIP) will be developed using this data. A small group of the RICC will meet and begin drafting the QIP so it can be reviewed at the next RICC in May.

Right Track: Nancy reported that Right Track screeners continue to busy.

Next meeting date is **May 7 at 10:00 AM** at Lake Region Human Service Center.

Tentative Dates for the remainder of 2007 are:

- ❖ **August 6, 2007**
- ❖ **November 5, 2007**
